No more than one tract or parcel must be valued or taxed on the same line. Two descriptions must not be joined in one valuation or tax. Personal Estate must be valued, and taxes entered on a different line, as well as columns from Real Estate. Non-resident land must be entered in numerical order, beginning with section one. Enter the amount of any reassessment in with field tax, in the column of taxes to which it belongs above the tax for the year for which this roll is used, and in the column of "Remarks," state opposite each parcel for what year the reassessment was made.
