Christine's Comments

The national celebration of Senior Centers encourages 'Powering Possibilities: Flip the Script.' Let's challenge outdated perceptions of aging and senior centers. Instead, celebrate the dynamic role that centers play in fostering wellness, connection, purpose, and resilience in later life.

Flip conversations about growing older to focus on the value and contributions of older adults. Reframing Aging principles to keep in mind: Aging is a normal part of life, not a problem to be solved. Older adults contribute in diverse and meaningful ways—as caregivers, workers, volunteers, and community leaders. Communities thrive when everyone is supported across their lifespan. Learn more at: www.reframingaging.org

Research shows people who participate in senior center programs experience better physical, social, spiritual, emotional, and mental well-being across several measures compared to non-participants, including higher levels of health, increased social interaction, and greater life satisfaction.

Nutrition Services

Here in BT the Meals on Wheels program is not just for low-income residents. Anyone 62 years or older living in the service area is eligible for home delivered meals. We offer hot meals, a frozen meal with side items such as bread, fruit and a beverage or the very popular frozen entree-only meals. Meals can be requested as an on-going service or ordered as you need them. They are prepared with a higher grade of ingredient than most MOW programs and offer a variety of menus. If you are not cooking much anymore, the service offers a great way to have nutritious meals delivered right to your door. There is a cost for the service but financial support may be available for residents in need. For information or to request an application, contact Mary Osborne MSW, Nutrition Coordinator at 248-723-3500.

Meals are available either in frozen bulk pack (3 or 5 meals) or can be delivered hot and ready to eat. Frozen options are delivered on Mondays only, but hot meals can be received daily or as many or few times a week as needed. The meals are prepared to provide 1/3 of the USDA recommended daily nutrition for older adults. They are delivered between 10:30 AM and noon by one of our BTSS volunteers. See the current menu for what is being prepared each day.

On-The-Go Senior Meals:

We now have nutritious frozen meals available for purchase. Prepared with the nutritional needs of an older person in mind, they are lower in salt than other frozen meals and are low fat and have no added sugar. They come frozen in a bulk pack of 3 or 5 meals. Easy to just stick in your freezer for when you need them, or when you don't feel like cooking. Just pop them into the microwave and reheat. Meals are available on Monday mornings for pickup or then can be delivered to your home. They are \$5.35 each meal and must be ordered a week in advance.
